What is FIFA? From the book: How A Youth Soccer Coach Lost His Job, Learned To Love Football, and Created The Next Generation Of Soccer Players Football - once known as the 'people's game' - is at the forefront of what it means to be alive today. Football lets people off the leash, stops them from being prisoners of their own social expectations and starts them on the road to self-actualisation. People play football because they want to be free, independent, and trusted: to be masters of their own fate. And in every person there is a footballing spirit. Today football is bigger than any one person, entity or nation, and rules more lives than any technology, religion, or political ideology. As much as you may want football to be small, something separate, and just a game, we cannot separate the game from its history, its cultural significance, and its influence on today's world. Football, like life, is spontaneous, unpredictable, and full of unpredictability. Like life, football can throw you to the ground. It can crush you. It can raise you up high. The intention of the book is to transform you, and as much as I really want to 'win' at football, what I need to do is lose. I need to learn to be better at football. Football has been a teacher, a healer, and a unifier. It has taught me how to think, to play, to love, and to learn. Most of all football is a confidence-booster. In the last one hundred years it has shaped an entire generation and how we live. There is nobody better to teach the game of football to than someone who knows and loves the game. I know football, and that is the route I have chosen. This book is about my experiences in youth football; where it helped me grow; how I learned to play and how I learned to love the game. I lost my job It was a typical Sunday afternoon in Spring 2007. I was working at a pub in the city I call home. It's a great place, with a good bar, a great staff, and a good location. I love the pub and I love working there. I had been there for six years and I was assistant manager, responsible for the bar and the beer garden. However, the owner of bc9d6d6daa
