GoFa and it's exclusive Family of Extra Vintage Fonts!. Vintage Calligraphy Fonts -. Only \$0.99.. Sculpted by hand this collection features modern calligraphy inspired by.Q: How to save this layout as code? I got this layout in my activity in XML. Now I have to change the spacing between left, right, top and bottom. My question is: how to implement the design by using code. I mean to implement in an XML file, so I can change that spacing easily. A: You have 2 choices, first one: 1- Using ConstraintLayout It has default property that you can define how much margin you want between those elements, for example:
