I look back at the end of the last World Cup there was a moment when on the bench, we made a substitution to go to attack, and I had a good run, was where I thought I needed to be, with the ball at my feet and could have taken the shot, started a counter attack, or was a moment when I was on the wrong side of my body to help the team. They have beautiful things, rich experiences, and they can hire us. However, one thing we don't have are beautiful ladies (especially in a city like Bangkok)! That is until I met Kate, well, actually, it was my employer who introduced us. He told me Kate was "the one" who could take my experience and make it more interesting and pleasant. And I guess it does make sense that he would recommend me to a young lady in her late 20's, but all the same... I had no clue. At first, I was just her errand boy because I had to prove myself. And I'll be honest, it's not easy in a city like Bangkok, especially for a foreigner. But Kate's personality didn't make it easy either. She was very quiet, proper, and I had to earn her respect. But, I did. And, after 2 months, she finally asked me to come by her home. I knew it would be special because she paid for dinner. At the very end, she trusted me enough to send me home alone. I wish I could remember everything that happened that night. It was an experience that changed me." Auto save Dedicated servers!
