## How to play:

It's one thing per level. You are on red trail and can only go in one direction. Laughing too hard at the 3D-Sometime-Santa, who is after you, is against the rules. Bet for points. Collect blue, yellow and white stars to boost your mood and increase the accuracy of your move. When you're picked up, press Ctrl + Padlock keys to continue.

How long can you last? Have fun and have a good time!

Good luck!
