Now, on February 13, Jonas released another new original, "Winter Is Coming." While not as haunting and atmospheric as the two songs that preceded it, "Winter Is Coming" still finds Jonas displaying his natural abilities as a talented singer and songwriter, and also proves that he's able to take a popular song and adapt it to his own style. Of course, this isn't the first time he's done so, as "Lay It Down" was originally recorded by American singer/songwriter Katy Perry, who made the song an international hit in 2010. Despite the American title of "Winter Is Coming," the song is lyrically set in Hawaii, where Jonas and his girlfriend are currently living. In the song, he states that he's ready for a change in their lives, and that he hopes to find "peace of mind." After that, the song also contains references to his past life, as he admits to "getting sick of lying" in

reference to the many relationships he had over the years. Then, as he
