What's new:

Lands Between is scheduled to be released on Steam in 2012.

THE STORY OF THE LAND BETWEEN Once upon a time in the Age of Myth, the battle between good and evil raged throughout the Lands Between, where the otherworldly power of the Elden Ring and the human power of the Elden Lords existed side by side. The Elden Ring and the Elden Lords fought over the destiny of humankind, and the epic war between good and evil resulted in a great catastrophe - an explosion that devastated the Lands Between, destroying the very laws of nature and leaving it in utter chaos. People were scattered across the Lands Between, the wilderness to the south of the Land Beyond grew ever more wild and desolate, and monsters and magic dwelt in the abysmal natural disasters, which feasted off the bodies of the people who once inhabited the Lands Between. Such a world, half-asleep and half-awoken, existed in a state of stasis. Those who once lived in the Lands Beyond were transported to the Lands Between through an experiment performed by my father and his fellow Elden Lords, a mission in which they soon perished. That day, the Lands Between was sealed off from the Lands Beyond.
